The 2014 SEND Code of Practice (1.39) states that 'with high aspirations and the right support, the vast majority of children and young people can go on to achieve successful long-term outcomes in adult life.'

The aim of the Langham Oaks Outreach Provision is to provide a comprehensive service which will enable mainstream schools to manage pupils with special educational needs and difficulties.

flexible solutions for your SEND needs

SUPPORT SOLUTIONS

Emotional and behavioural difficulties are wide and varied. They have a powerful impact on staff and can interfere with our ability to remain thinking adults, positive in the face of difficulty. Through the provision of a range of support approaches we aim to work together with mainstream schools to provide a quality service for some of the most in need pupils:

- Work with pupils, including:
 - 1:1 tutorial support
 - Small group work
 - In-class support
 - Outdoor provision

- Work with staff, including
 - Consultation
 - CPD Training
 - Observation
 - Joint Planning
 - The Wellbeing Toolkit I & II

OUR COMMITMENT

To support effective provision and improve the outcomes for children and young people and to support all educational settings to meet the diverse needs of youngsters.

A COMPREHENSIVE SERVICE FOR ALL YOUR SEND NEEDS

PURPOSE

- To impact positively upon the achievement of children and young people and the quality of provisions made by all settings involved
- To meet the DfES standards for SEND support and outreach in an organised, co-ordinated and cost-effective way

SUPPORT FOR CHILDREN

Langham Oaks School is a specialist provider for Key Stage 3 and 4 pupils who are experiencing a wide range of social, emotional and mental health difficulties (SEMH). We have a commitment to facilitate personal growth and development so that the children and young people we work with may become independent adults who have come to terms with themselves, can manage their difficulties, and can establish meaningful relationships.

SUPPORT FOR SCHOOLS

Langham Oaks Outreach Provision aims to provide a comprehensive EYFS to post-16 service which will support colleagues in mainstream schools in successfully managing and meeting the needs of children with difficulties through a collaborative partnership.

SUPPORT FOR PARENTS

In order for any intervention to be successful, we believe it is essential that all adults involved with the pupil participate fully in the support process. To this end, we work closely with parents as well as any other agency who may be involved in supporting or teaching children and young people.
